EXPERIENCE

DAVID S. KIDWELL FUNDS ENTERPRISE, Minneapolis, MN

Equity Research Associate

Jan 2024 – May 2025

- Collaborated with a five-member Industrials coverage team within a \$50M fund; owned model builds and maintenance, earnings previews and wraps, and industry research across Industrials and Business Services sectors.
- Developed and maintained three-statement [DCF valuation models](#) with sensitivity and scenario analyses; produced margin, cash flow, and balance sheet forecasts tied to regulatory, company-specific, and macro drivers.
- Pitched BUY on [EXLS](#) supported by a full research report and deck; secured \$0.8M capital allocation with ~20.4% modeled upside; completed diligence, including direct management communication.
- Rotated to Healthcare; monitored 10 holdings, refreshed earnings drivers, rebuilt select models, and authored internal notes on competitive dynamics, pipeline, and reimbursement risks.
- Supported month-end close for a 60/40 balanced fund; assisted with performance attribution and drafted market and economic commentary for client communications.
- Collaborated with the portfolio manager and research team to translate industry trends into actionable investment recommendations; presented takeaways in weekly allocation reviews.

VISHALAKSHI ENTERPRISE, Indore, India

Financial Analyst

July 2019 – May 2023

- Implemented a working capital and inventory optimization strategy that shortened the cash conversion cycle by ~10 days and increased gross margin by 3-4% and volumes by 6-8%.
- Built SKU-level demand, pricing, and reorder trackers in Excel, reducing excess inventory by ~12-15% and improving purchasing decisions.
- Conducted pricing and competitive analysis across 50-60 OTC and prescription products, benchmarking market pricing, and margin drivers to guide assortment, discounting, and promotions.
- Delivered monthly P&L reviews, variance analyses, and margin bridge reports, identifying mix, pricing, and volume impacts that improved working capital efficiency by ~7-8%.
- Coordinated with suppliers and logistics partners to streamline replenishment, improving on-time delivery rates from ~82% to ~94% through better ordering cadence and vendor follow-ups.

PROJECTS

Portfolio Construction and Risk: Ran mean-variance optimization (GE, MRK, GM); stress-tested correlations and volatility shocks; enforced no short selling and a 50% maximum weight; evaluated efficient frontier trade-offs and regime sensitivity.

Financial Modeling: Conducted Discounted Cash Flow (DCF) analysis to assess Greenlight's proposal for managing Apple's excess cash through the issuance of \$500B in preferred shares, examining its wealth impact.

Stock Analysis: Constructed a ticker-level analytics [tool in Python](#) to generate price charts, P/E snapshots, rolling betas, and rolling correlations versus a benchmark.

M&A: Conducted in-depth M&A analysis to assess and quantify synergies generated by integration of two companies. Performed financial modeling, industry and data analysis, and collaboration with a four-person team to provide insights into the potential benefits of merger.

SKILLS & CERTIFICATIONS

Excel (advanced: dynamic arrays, XLOOKUP, SUMIFS, INDEX, MATCH, pivot tables); PowerPoint; Bloomberg; S&P Capital IQ (CapIQ); Python (Pandas, NumPy, Matplotlib, SciPy); SQL; VBA; MATLAB; Power BI
